

Dr. SELWYN STEVENS Ph.d.

*'Deceived people don't know
they are deceived people'*

Selwyn was born in Dunedin and lived his early life in North Otago & South Canterbury where he worked in retail, Social Welfare & accountancy. He moved to Wellington, as Branch and then Regional manager of Radio Rhema. He started an Educational/Christian charity in 1992, and has taught on five continents.

Selwyn is an author of over 35 books & manuals, including 12 Best-sellers. He is a Member of the Lower Hutt Partner in Ministry (City Pastors) and has just recently moved with wife Anne to Manawatu. He is also a Member of two International ministry organisations, & serves on the Apostolic Council of one.

Political involvements: Branch, Regional & then Dominion Vice President of Social Credit (1977) Candidate for Waitaki (1978) scoring 19.8% of vote under FPP, against a National cabinet minister & a Labour mayor. Member of Christian Democrats Advisory Board (1990's) under Hon. Graham Lee. Branch chair Conservative Party & organised distribution of 80,000 hand-delivered flyers across South Island & lower North Island, under Colin Craig (2011-2014).

Like many, Selwyn became disillusioned by the crashing & burning of Kiwi Christian political parties and their leaders. Solution: organised spiritual accountability needed. Selwyn hosted a panel with three Christian leaders from different political parties in January 2020 and personally would like all three in our Parliament this year as he supports a Family Values coalition where Christians in all parties support fellow Christians to be elected. After reflection as to which party had the best chance of winning seats in the 2020 General Election, especially from the governing Socialist parties and their enablers, Selwyn joined One Party & now serves on the national executive.
